

O H A TIMES.

MOVEMENT

In one of the many rooms at LEAP, you will find a group of eager young minds stretching their body, mind, and soul on brightly colored yoga mats. These young bodies are led in various yoga poses by their teacher, Ms. Jackie Thorpe.

LATIN CUISINE

Teacher Ms. Hope Kroel says "We are exploring Latin culture through a culinary experience. So far we have made fresh salsa from Mexico and Cholados from Columbia. This class is great for exploring culture and developing cooking skills!"

O H A TIMES.

KINDERGARTEN UPDATE

Kindergartners have been busy, busy, the first few weeks of LEAP. We hope your children arrive home with stories that were read, projects they made and new friends along the way.

It has been great fun to watch the children run and play tag, practice catching and throwing, do synchronized dance movements and just be their silly selves.

UKELELE

So far, students are thoroughly enjoying ukulele class. Learning new chords and playing together can be a challenge however it can also be the best part! Music is a great option to have here at LEAP.

BUILDING FRIENDSHIPS

Two friends enjoying school can be seen in many different ways. They may be sitting together in class working on a project together or simply

talking and laughing. No matter what they are doing it is clear that these OHA students are making memories that will last a lifetime.

COFFEE FUNDRAISER

OHA is currently having a coffee fundraiser to raise money for LEAP scholarships. Family to raise the most money is rewarded early class enrollment for the spring

session! You can choose many different flavors like (pumpkin pie, french kiss, peppermint mocha, and many more.) Pick up an order form at LEAP or download it at oswegohomeschool.com. Deadline October 18th!
